# One lighting solution for all battery packs

// SCANGRIP is proud to present a complete range of outstanding and one-of-a-kind work lights compatible with all 18V battery packs from leading power tool brands worldwide.

- Work lights compatible with 18V battery packs from all leading power tool brands
- Smart connector with BATTERY SAFETY SYSTEM
- Extremely powerful illumination and high durability

## JUST CONNECT

One lighting solution for all 18V battery packs with the SCANGRIP CONNECTOR

With the unique SCANGRIP CONNECT concept, you have complete freedom to choose the SCANGRIP work light that fits your needs regardless of brand preference.

A new invented smart CONNECTOR is designed for each power tool brand. Simply mount the CONNECTOR to the work light, attach your battery and you are ready to work. A BATTERY SAFETY SYSTEM protects the battery pack and makes it safe to use.

The SCANGRIP CONNECT range consists of 8 work lights with the latest COB LED technology, extremely flexible design and high durability designed for the demanding professional user. A ground-breaking lighting solution never seen before!

BERNER - BOSCH - BOSCH GREEN - DEWALT - EINHELL - FEIN - FESTOOL - FLEX - HAZET

HIKOKI - INGERSOLL - MAKITA - METABO - MILWAUKEE - RIDGID - SNAP-ON - WÜRTH

## // Maximal freedom

The SCANGRIP CONNECT range is compatible with the METABO/CAS battery system and all other 18V battery packs from leading power tools brands. As something unique, we also offer a POWER SUPPLY which can be used for direct power providing unlimited availability to light. With stands and suspensions available, the work lights can be placed anywhere you need efficient lighting offering complete flexibility at the worksite.

## Use your 18V battery pack for SCANGRIP CONNECT work lights

 Compatible with METABO / CAS battery system  
For METABO / CAS no connector is required

BERNER - BOSCH - BOSCH GREEN - DEWALT - EINHELL - FEIN - FESTOOL - FLEX - HAZET

HIKOKI - INGERSOLL - MAKITA - METABO - MILWAUKEE - RIDGID - SNAP-ON - WÜRTH

# SMART CONNECTOR

// SCANGRIP has developed a unique CONNECTOR for each individual power tool brand that fits 18V battery packs. Simply mount the CONNECTOR to the work light, attach your battery and you are ready to work.

## BATTERY SAFETY SYSTEM

- Automatic discharge protection
- Overload protection
- Temperature surveillance
- Approved by TÜV Rheinland

The BATTERY SAFETY SYSTEM protects the battery pack and makes it safe to use. The safety system features an automatic discharge protection, overload protection and temperature surveillance which means you can use your 18V battery pack again and again without it being damaged.

The SCANGRIP CONNECTORS are approved by TÜV Rheinland. Each CONNECTOR is sold under separate item numbers and individually designed to fit each power tool brand.

## // Portable work light

NOVA 2 CONNECT features the latest high-performance COB LED technology and provides up to 2000 lumen. The built-in light dimmer function makes it possible to adjust the light into five different steps according to the work task. It is also supplied with display for battery capacity and lumen output level.

EU DESIGN  
PATENT  
213346

NOVA 2 CONNECT is compatible with METABO / CAS battery system 12V 4.0 Ah - 18V 5.2 Ah and all other 18V battery packs from leading power tool brands by using the SCANGRIP CONNECTOR. In addition, the POWER SUPPLY can be used for direct power providing unlimited availability to light.

Due to the flexible stand and built-in hook, NOVA 2 CONNECT can be placed in different positions to obtain the desired lighting angle.

The housing is made of sturdy die-casted aluminum and resistant to strokes, shocks and vibrations. The durable construction makes NOVA 2 CONNECT perfect for the demanding, rough working environment.

As an extra feature, it has a built-in powerbank with USB outlet to charge mobile devices.

Light dimmable in 5 steps

## // Unlimited availability to light

The extremely powerful NOVA 4 CONNECT and NOVA 10 CONNECT provide up to 4000 lumen and 10000 lumen respectively, and are compatible with METABO/CAS battery system 12V 4.0 Ah - 18V 5.2 Ah and all other 18V battery packs from leading power tool brands by using the SCANGRIP CONNECTOR. In addition, the POWER SUPPLY can be used for direct power providing unlimited availability to light.

They are designed with a display for battery capacity and lumen output level, and supplied with a built-in powerbank. The work lights are also supplied with an integrated battery backup function securing you extra operating time to finish the job.

The NOVA CONNECT work lights are extremely sturdy and waterproof (IP65). The design is elegant, with a carrying handle and a stand for flexible positioning and direct mounting on the SCANGRIP TRIPOD.

## // BLUETOOTH light control

With the user-friendly BLUETOOTH light control app, you get an extraordinary possibility to turn on/off and control up to four work lights through a mobile device. The built-in dimmer function enables you to adjust the light output into five different levels. This feature saves time from manual operation and increases work efficiency on a daily basis.

**Bluetooth®**

# STANDS and SUSPENSIONS

// Designed for direct mounting of the NOVA CONNECT, AREA CONNECT and VEGA CONNECT work lights. Made of durable and sturdy powder coated steel for both indoor and outdoor use.

## // High stability tripod

The SCANGRIP TRIPOD is indispensable for stationary positioning of the work light for illumination in a specific working area.

The SCANGRIP TRIPOD is extendable from only 1.35 m up to 3 m which gives you complete flexibility to position the light in the requested height.

The stable construction of the SCANGRIP TRIPOD 3M makes it safe even when fully extended. It is supplied with anchor points that provide an opportunity for extra stability if the tripod is exposed to strong wind or standing on an uneven surface. To increase safety when in use, the cable of the lamp can be fixed in the safety clips placed on each separate leg.

## // Lightweight TRIPOD with QUICK RELEASE function

With its lightweight and extremely handy design, the SCANGRIP TRIPOD 2M is indispensable for stationary positioning of the work light for illumination in a specific working area. The tripod is extendable from 0.9 meter up to 2 meters, which gives you complete flexibility to position the light in the requested height. When mounted on the tripod the light can be tilted to provide the optimum beam angle.

Featuring a compact design and QUICK RELEASE function, it is easy and convenient to carry the tripod and set it up where illumination is needed. The tripod is extremely durable and can be applied for both indoor and outdoor use. The stable construction makes it safe even when fully extended. It is made of black painted aluminum.

QUICK RELEASE function

## // Wheel stand for mobile positioning

The SCANGRIP WHEEL STAND makes it easy to move the light to where you need it, and at the same time you avoid uncomfortable and heavy lifting from one workplace to the other. It is upgraded with a new base which is equipped with 5 wheels for improved safety and stability and easy maneuverability.

As an additional feature, it now comes with a flexible bracket that enables you to easily position a second work light to illuminate from below. The extra mounting bracket is adjustable in the height and provides complete flexibility to position the light in the optimum height.

## VEGA CONNECT series

	VEGA 2 CONNECT	VEGA 4 CONNECT
Product number	03.6106C	03.6104C
Light source	60 LEDs	105 LEDs
LED performance, lumen/W	189	189
Luminous flux, lumen	1000 / 2000 (step 1 / 2)	2000 / 4000 (step 1 / 2)
Illuminance, lux@0.5 m	1500 / 3000 (step 1 / 2)	3000 / 6000 (step 1 / 2)
Adjustable light output	2 levels	2 levels
Beam angle	100°	100°
CRI	Ra > 80	Ra > 80
CCT	6500 K	6500 K
Operating time with max. lumen, h	4.5@18V 5.2 Ah battery	2.25@18V 5.2 Ah battery
Operating time with min. lumen, h	9@18V 5.2 Ah battery	4.5@18V 5.2 Ah battery
Operating time: backup battery, h	-	-
Battery	Compatible with METABO / CAS battery system 18V 5.2 Ah and all other 18V battery packs by using the SCANGRIP CONNECTOR	Compatible with METABO / CAS battery system 18V 5.2 Ah and all other 18V battery packs by using the SCANGRIP CONNECTOR
Protection class	IP54 with power supply IP30 with battery	IP54 with power supply IP30 with battery
Impact protection	IK06	IK07
Impact resistance	1 m	1 m
Charger input voltage	-	-
Power consumption	Max 20W	Max 40 W
Battery incl.	No	No
Charger incl.	No	No
Power supply incl.	No	No
Temperature	-10° to +40°C	-10° to +40°C
Dimensions	200x208x78mm	280x289x103mm
Net weight	850g	2.02 kg
Price	€ 74.90	€ 119.90

## AREA CONNECT series

AREA 10 CONNECT	
Product number	03.6103C
Light source	240 LEDs
LED performance, lumen/W	189
Luminous flux, lumen	360°: 1000-10000 / 180°: 500-5000
Illuminance, lux@0.5 m	300-3000
Adjustable light output	5 levels
Beam angle	360° / 180°
CRI	Ra > 80
CCT	6500 K
Operating time with max. lumen, h	0.5@12V 4.0 Ah battery 1@18V 5.2 Ah battery
Operating time with min. lumen, h	10@12V 4.0 Ah battery 22@18V 5.2 Ah battery
Operating time: backup battery, h	50min@10% / 1000 lm
Battery	Compatible with METABO / CAS battery system 12V 4.0 Ah - 18V 5.2 Ah and all other 18V battery packs by using the SCANGRIP CONNECTOR
Protection class	IP65 IP54 with battery cover
Impact protection	IK07
Impact resistance	1 m
Charger input voltage	-
Power consumption	Max 84 W
Battery incl.	No
Charger incl.	No
Power supply incl.	No
Temperature	-10° to +40°C
Dimensions	395x200x212mm
Net weight	3.7 kg
Price	<b>€ 269.90</b>

AREA 6 CONNECT	
Product number	03.6108C
Light source	160 LEDs
LED performance, lumen/W	189
Luminous flux, lumen	3000 / 6000 (step 1 / 2) 1500 / 3000 (step 1 / 2)
Illuminance, lux@0.5 m	2 levels
Adjustable light output	360°
Beam angle	Ra > 80
CRI	6500 K
CCT	1.75@18V 5.2 Ah battery
Operating time with max. lumen, h	6.5@18V 5.2 Ah battery
Operating time with min. lumen, h	-
Operating time: backup battery, h	-
Battery	Compatible with METABO / CAS battery system 18V 5.2 Ah and all other 18V battery packs by using the SCANGRIP CONNECTOR
Protection class	P54 with power supply IP30 with battery
Impact protection	IK07
Impact resistance	1 m
Charger input voltage	-
Power consumption	Max 54 W
Battery incl.	No
Charger incl.	No
Power supply incl.	No
Temperature	-10° to +40°C
Dimensions	ø195x363mm
Net weight	1.97kg
Price	<b>€ 169.90</b>

## TOWER 5 CONNECT

TOWER 5 CONNECT	
Product number	03.6105C
Light source	120 LEDs
LED performance, lumen/W	189
Luminous flux, lumen	2500 / 5000 (step 1 / 2) 4000 / 8000 (step 1 / 2)
Illuminance, lux@0.5 m	2 levels
Adjustable light output	110°
Beam angle	Ra > 80
CRI	6000 K
CCT	2@18V 5.2 Ah battery
Operating time with max. lumen, h	4.5@18V 5.2 Ah battery
Operating time with min. lumen, h	-
Operating time: backup battery, h	-
Battery	Compatible with METABO / CAS battery system 18V 5.2 Ah and all other 18V battery packs by using the SCANGRIP CONNECTOR
Protection class	IP30
Impact protection	IK07
Impact resistance	1 m
Charger input voltage	-
Power consumption	Max 45 W
Battery incl.	No
Charger incl.	No
Power supply incl.	No
Temperature	-10° to +40°C
Dimensions	121x153x892mm
Net weight	5.2 kg
Price	<b>€ 229.90</b>

# SCANGRIP PRODUCT LINES

Professional range of work lights  
with unmatched value for money

Specialized work lights  
for the painting industry

Explosion proof lights

Lighting solutions for  
high performance

Portable lights for fast curing

**3**  
years  
warranty

Designed by us. Manufactured by us.

PATENT PROTECTED

// SCANGRIP is Europe's leading manufacturer of work lights for professionals providing the strongest and most comprehensive ranges of work lights with the latest LED lighting technology available on the market.

SCANGRIP is innovation from Denmark and receives strong recognition in the marketplace for its product design, and the products are known for their high quality.

SCANGRIP strives for perfection, and is continuously optimizing and improving light output, battery capacity, design and ergonomics, durability, user-friendliness, and functionality. The aim is to set new standards for professional work lights.

SCANGRIP was established in 1906 and has a long, impressive history of manufacturing high-quality hand tools and work lights for the industrial, construction, and automotive sectors.

SCANGRIP is part of Hultafors Group - a global company offering a unique portfolio of premium brands within personal protection, tools, and other equipment for discerning craftsmen. Together, we are on a mission to create a better day for professional users.
